

# An Eventful Estate

The AlilaVilla Soori Estate lies in the southwest coastline of Bali, walking distance from the famed Tanah Lot. The echoed sounds of the waves from the azure Indian Ocean breaking on the volcanic black sand beach sets a relaxed tone allowing you to be swept away by the hypnotic calmness of beachfront living.

**The Soori Estate, that is part of the** Alila Villa Soori Resort, is approximately 90 minutes' drive from Ngurah Rai airport, with breathtaking mountain and verdant rice paddy views to enjoy while making your way to the Kelating village. Alternatively you can land directly at the estate via the helicopter paddy, making it very accessible for a corporate arrival, or a Bride and Groom to make a dramatic entrance.

This sizeable ten bedroom villa is the only one of its kind available that can house up to twenty adults comfortably in separate private on suite rooms. A very contemporary linear and cubed architectural style is orientated to maximize visual enjoyment of the beach panorama. Volcanic rock tiled walls, with white and grey painted concrete walls create a very neutral soothing color hue that embraces and enhances the beauty of the remote location.
