

The Surreal Bali

This culture has its own unique rituals, ceremonies and dances that elevates to a surreal encounter as experienced during a stay at the Amarterra Villas Bali Nusa Dua managed by MGallery Memorable hotel by ACCOR.

designed to provide ultimate luxury. Occupying the area of 200 – 300 sqm, each villa is built with high quality local parquet flooring, rattan chairs, wooden bed and marble bathroom. Made by highly-acclaimed craftsmanship and artistry the villas, each with their own pool, are named after flowers such as Bougainvillea, Rose, or the only three bedroom villa, Orchid.

The amenities intrigue the senses and tangibility of Bali with the restaurant, spa, pool and beach club. The Terra Terrace Restaurant & Bar adapted contemporary culinary techniques as the Chef presents a fusion of Balinese culinary rich taste with authentic Indonesian cuisines that are tastefully delightful. Breakfast, lunch and dinner can be enjoyed here or served in the privacy of your own villa, or even in a romantic poolside setting.

Amarterra Spa treatments are inspired by the soul of nature to harmonize the mind, body and soul. Any spa treatment is an experience of its own that involves a series of events, starting with a holy water blessing upon arrival, followed by a coconut foot bath and china bell ritual to balance energy, then continued with the massage therapy of your choice, and ended with Balinese Bija blessing and lucky stone ritual. If you dare to elope the comforts of the resort a few minutes walk gets you to the Beach Club. Located on the exotic Mengiat Beach, where an afternoon with a soothing see breeze and panoramic view of white sand Nusa Dua's coastal line can be enjoyed.

The General Manager, Pascal Bellon, implements a wealth of experience and prestige to the property coming from the awarded The Phoenix Hotel by MGallery in Yogyakarta. "The Amarterra and Bali is my new home, and being here on the island of the Gods is a great privilege" It is this privilege that guests share in by knowing they are in the best hands within the industry of luxury leisure.

The Amarterra Villas by MGallery offers a sophisticated and distinct Balinese experience all year round. The surrounding area is a haven of the most famous Golf Course and main convention centers of the island. The area is also well known as the main destination for water sports of Bali, including banana boat, parasailing, jetski, diving, flying fish, and more!
